

# WHITE : LAWN!

Last August we placed our order for 75 pieces plain White Lawn. At that date it was offered to us less than last year's price. We have just gotten it and can show you a saving of 3c. to 10c. a yard. We could have sold it to the wholesale trade at a profit, but, of course, we wanted it for our customers.

Ask to see it.

### CORRESPONDENCE

EDITOR BANNER.

Dear Sir:  
I see in last week's issue of that noted democrat, the Buoy, of St. Andrews, that I caught it all up and down the back. All that he said about me is false and untrue. Emmons has not spoke to or written me a word in four or five years. He is mad at me for not giving him all the advertisements while I was in office. I hope my friends will consider the course from which it came. I am sure he got good pay for the piece he put in against me, as my opponent was on the bay when this falsehood come out. Is it not strange that Emmons could not say anything until just before the election. He says also in the same Buoy, that if I or Robinson was nominated, he would not support us. I think he told the truth, but he is a democrat.  
Your friend,  
C. G. ALLEN.

Bush.

Mrs. Calvin Grant is yet at her son's John Grant, and is yet very feeble.

Miss Stella Yates is spending a few days with Miss Rany Roach this week.

I think the measles have about expired in our community and we hope there will not be any new cases.

Mr. Levi Yates is engaged in building a bridge across Cypress creek, on the Bonifay and Vernon road.

Mr. John Waller and James White leave home this week with the intent of viewing the World's Fair at St. Louis, Mo., we hope they may have a pleasant trip.

A large congregation met at Union Hill school house last Sunday expending

preaching, but for some reason unknown the preacher did not get there, but they enjoyed some good singing any way.

We have had a nice rain this week and the people are busy setting out potatoes; the rain has revived the little plants in the field and put the farmers in better spirits; they can plow now without being stifled to death with dust.

Wassau.

Mr. Robert Warren and wife, Lilla J. visited W. S. Jones and family last Saturday and Sunday.

Miss Cordelia Tiller and Misses Annie and Mollie McKelthen, and many others has measles this week. The girls has been very sick.

We notice that Mr. Iverson Mainer has a small patch of rye, some of it measures six and a half feet in length, and is very well matured.

Mr. Ned Simmons and his two sisters, visited kindred and friends on Holmes Valley, the 28th. Ned says that he had a hard shuffle with the measles.

It continues very dry in this community as we have had one and one-fourth of an inch of rain fall since the 7th of April, but the farmers has got a stand of cotton after so long a time; crops are clean and doing well.

We are informed that two negroes on

the turpentine firm of John Britta & Co., had a dispute on the night of the 28th, over 25c. An old pistol was used and both were shot and died; we have no further particulars.

Mrs. Mary Warren, of West Bay, who is residing on her Homestead at that place, past through this community on the 20th, going to visit her children and old home at Orange Hill. She will remain there a short time.

It has been reported the last six weeks that the small pox had made its appearance in Vernon, while some say that it is swine pox; as to this we can't say, but it is something that bumps a fellow up and makes him look very rough.

Gay.

The Schooner Lucy H. is at Gay's wharf.

Miss Uora Best has been quite ill the past week.

Messrs. L. C. Gay and G. M. Musselwhite, of McKenzie & Vickers' camp, were among our Sunday visitors.

Quite a contingent of the colored population of McKenzie & Vickers' camp was brought over on the new Launch Sunday.

Mr. A. J. Gay returned from a week's trip to Pensacola Friday a. m., where he went to receive the new Launch and which he brought home with him.

Mrs. Walter Green returned Wednesday from a brief visit to Eufaula, where she and Mr. Green, accompanied Mr. Green's mother, who had been their guest for the past few weeks.

Our new mill is doing good work, have been short of logs, but will soon have in ample supply; the frame of the building is up and will soon be enclosed, and the new wharf is about completed.

Mr. R. L. McKenzie returned Thursday from a week's sojourn at Jacksonville and Tampa. "Hob" says 'twas business which called him away, but nevertheless receives our smiles very good naturedly.

Mrs. C. E. Booth was made the happy recipient of a valuable and much appreciated gift from Mrs. L. C. Gay a few days since. The gift consists of the hide of the bear which Mr. Gay killed a few months ago. The fur is very fine and glossy; the hide has been nicely tanned and when lined it will make a beautiful rug.

The latest acquisition to our little burg, and of which we are all justly proud, is the new Launch own by Messrs. Gay, McKenzie and Vickers.

The boat was manufactured by a Grand Rapids Co., and is 45 feet long, with 20-horse power. The cabin is beautifully furnished in oak, and may be arranged into three separate compartments, each of which is very complete in all its appointments. The capacious deck room, fore and aft, promises much delight to all who ride upon her.

We trust the life of the new boat upon the Bay may be long, bringing just satisfaction and ample recompense to her owners, as we know she will give joy and happiness to the many who patronize her.

Mr. Robert Baker, of St. Andrews, will have charge of the boat and will be given an able assistant.

### Communications.

In an editorial in the St. Andrews Buoy, of May 26th, W. A. Emmons assumes to dictate who should represent Washington county, and refers to my record of 1897 as his reason why. I presented to that legislature, a petition of about fifty citizens of Washington county, asking that the county line be marked out as it now is, and being their representative, I would have been recreant to my duty, if I had ignored their petition. A man who would ignore the petitions of his constituents, would be a dangerous man to send to the legislature. But why should W. A. Emmons presume to even advise the democrats of Washington? In the last two presidential campaigns, he used his dirty sheet, (so dirty that the school board of our county pronounced it unfit to be read by decent people) for McKinley the republican candidate for president. He used it in 1896 against the nominee of the democratic party of Washington. He has been pig or puppy for the boodle. It is decidedly cheeky, brazen impudence, for him to appeal to honest democrats. The Ed. of the Buoy does not live in a democratic glass house, consequently he can throw stones with impunity.  
S. M. ROBERTSON.

### Bryan's Letter of Thanks.

To my Fellow Citizens of Washington County.

In view of your kindness to me on the 10th inst. in giving me the splendid support you did, me the pleasure under lasting gratitude to you. I shall ever be at your command when I can serve you. I made the race for the nomination for Representative on my record as a loyal working democrat. I formed no pool or alliance with any candidate, neither did I use any undue methods to influence the vote of any one. I have treated each candidate fairly and kindly, regarding them as fellow democrats with laudable aspirations for the positions they sought. I look forward with pleasure to the completion of the ticket on June 7th, and I shall, as I have always done, give it my hearty support.

I very much desire harmony and good fellowship in the party and shall use my best efforts to secure it. I entertain no bitterness toward any one, and if elected in November, I will faithfully discharge the duties of the office to the very best of my ability. I am glad to welcome our former friends who are coming back to us into the democratic fold. It is much better, I think, for our common interest, that all our citizens line up on the good old

principles of democracy, the doctrines that underly our grand and glorious government and work for their perpetuity.

I have experienced the sting of defeat in the past, and I am prepared to sympathize with all who have, or may be defeated in the primaries, but the best remedy I have ever found for defeat, is to work it off for the success of the ticket. Let the will of the majority be our pleasure and obey that high democratic mandate.

Yours for success,  
W. A. BRYAN.
